

Complete Lice Treatment Service (at clinic)– Using the **Zyma Air Therapy™** process, we provide a treatment using a controlled air device that takes approximately 30 minutes, followed by a comb out to remove debris. The family will be given specific home care instructions to follow, education to prevent a future infestation and a complimentary recheck if completed within 7 days. **\$180**

Traditional Treatment (In Clinic)– **We charge an hourly rate of \$135/first hour and \$100/each additional hour.** The first hour includes all the products needed for treatment and aftercare.

Traditional Treatment (In Home)– **We charge an hourly rate of \$135/first hour and \$100/each additional hour PLUS mileage fee.** The first hour includes all the products needed for treatment and aftercare.

Self Treatment- Did you know that Over the Counter and prescription products DO NOT stop the lice cycle? Contact us to learn why our natural products are more effective than chemical brands and what products are best for your situation.

Treatment options can vary depending on age and health history. Contact us today to discuss what is best for you.
